

New Beginnings - Welcome Coffee Morning for First Year Parents

On the first Friday of the new term the Secondary School Parents Council hosted a welcome coffee morning for the parents of First years joining the school.

It was a great success with lots of parents getting to know each other in a relaxed and friendly atmosphere in our new Library!

It is important to mark important milestones and this was a particularly happy one as both parents and their daughters embark on their secondary school life. Anthony and Brenda joined us to chat to parents about the coming year. Kathleen, who is the head teacher for first and second year pupils, called in to say she is available to help any of the new students during their settling in process and is keeping a watchful eye on all. Fionnuala Power, a Mum from second year, helped us to make new parents feel at home.

We hope this is the start of many more social gatherings during their time in the school.
