

# Class 4 News

## December News

We performed our Christmas Play "Dragon Days" in December. It was very well received and we were delighted with the reaction of the audience. All our preparation and hard work was worth it!

We all received lovely surprises for our Kris Kindle present

## Our handmade Christmas decorations

Thank you to Lily Alexander for making a wonderful gingerbread house which we all enjoyed!

This year we took part in the Christmas Gift Bag Campaign for Brother Kevin. Our gift bags were filled with essential items and toys and treats. They will help to add a bit of festive cheer to less fortunate families this Christmas. Many thanks for all the generous donations from Class 4 and from the rest of the Junior School classes. Thank you also to the parents who kindly volunteered to deliver the bags to the Capuchin Centre. Well done everybody!

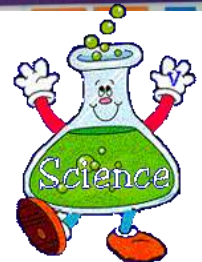

## ALL ABOUT ME

Class 4 completed collages in art this November based on the title 'All About Me'. Our collages highlight our hobbies and personal interests.

During Science Week David Moore from Astronomy Ireland visited us. His presentation was very interesting and enjoyed by all.

Also during Science Week, Amelia Rose Burke (Class 4) intrigued us all with her fascinating book experiment!

Class 4 art pieces include 'Colour Waves' and a display of our aim for the school year 'United in Doing Good'.

To celebrate Maths Week Class 4 took part in interactive maths games in the classroom on our new board. We also had great fun playing a range of maths related games in the hall and outside that Class 6 kindly organised!
