

Class 6 - News

On Friday 29th of September, Class 6 delivered our original fairy tales to Kinder A and B. It was a great experience for us to interact with younger children. It was so fun for us to entertain them and answer their questions. We have learned the patience it takes to teach younger children! We also learnt some new creative writing techniques, how to draft our work and how to work in pairs. We really enjoyed this experience and hope to do more activities like this in the future. **By: Abi Kennedy & Carola Di Giansante**
