

## **Our Committee**

The first step in the ASF process was to establish an ASF Committee of eager, creative and hardworking students. Alongside Aideen, Orla and Catherine, these children will be working together to bring new ideas and implement this whole school initiative this year. Our Committee will have regular meetings to discuss creative ways that we as a school can improve our physical activity levels. The Committee members will be the vital link between the teachers and their class mates.

Stay tuned to meet our 2017/2018 committee
